THESIS GOLD INC.**Notes to the Condensed Interim Financial Statements****For the three and six months ended August 31, 2025 and 2024**

(Unaudited - Expressed in Canadian dollars, unless otherwise noted)

1. NATURE OF OPERATIONS

Thesis Gold Inc. (the “Company” or “Thesis”) was incorporated pursuant to the Business Corporations Act of British Columbia on November 9, 2010. Its registered office is located at 700 West Georgia Street, Suite 2200, Vancouver, British Columbia, Canada, V7Y 1K8. The principal place of business is located at 1075 West Georgia, Suite 1050, Vancouver, British Columbia, Canada, V6E 3C9. The Company is listed for trading on the TSX Venture Exchange under the symbol “TAU”, on the OTCQX under the symbol “THSGF”, and on the Frankfurt Stock Exchange under symbol “A3EP87”.

The Company is a resource development company focused on unlocking the potential of its 100% owned Lawyers-Ranch Project, a gold-silver exploration property located in the prolific and re-emerging Toodoggone Mining District, in north-central British Columbia.

On March 1, 2025, the Company completed a vertical short-form amalgamation (“Amalgamation”) under the Business Corporations Act with its wholly owned subsidiary, Thesis Gold (Holdings) Inc. (“Thesis Holdings”). Following the Amalgamation, the resulting entity adopted the name “Thesis Gold Inc.”, maintained the same articles and management as the Company, issued no new securities and maintained the symbol “TAU” and the existing CUSIP number.

2. BASIS OF PREPARATION**a) Statement of compliance**

These financial statements were approved by the Company’s Board of Directors and authorized for issuance on October 30, 2025.

These financial statements have been prepared in accordance with IFRS® Accounting Standards as issued by the International Accounting Standards Board applicable to the preparation of interim financial statements under International Accounting Standard 34 *Interim Financial Reporting*. These financial statements do not include all disclosures required for annual financial statements. Accordingly, they should be read in conjunction with the Company’s audited financial statements for the years ended February 28, 2025 and February 29, 2024 (the “Annual Financial Statements”).

b) Basis of presentation

These financial statements have been prepared using the historical cost basis, except for certain financial assets and liabilities which are measured at fair value. In addition, except for cash flow information, these financial statements have been prepared using the accrual method of accounting.

c) Functional and presentation currency

The financial statements are presented in Canadian dollars (“CAD”). The Company’s functional currency is CAD, which is the currency of the primary economic environment in which it operates.

THESIS GOLD INC.**Notes to the Condensed Interim Financial Statements****For the three and six months ended August 31, 2025 and 2024**

(Unaudited - Expressed in Canadian dollars, unless otherwise noted)

2. BASIS OF PREPARATION (continued)**d) Comparative period information**

The comparative period includes the accounts of the Company and its wholly owned subsidiary, Thesis Holdings, to the date of amalgamation (Note 1). All intercompany transactions and balances are eliminated on consolidation.

3. MATERIAL ACCOUNTING POLICIES

In the preparation of these financial statements, the Company used the same accounting policies as in the Annual Financial Statements, with exception of the following:

Restricted Share Units (“RSUs”) and Deferred Share Units (“DSUs”)

Under the Company’s Omnibus Long-Term Incentive Plan (the “Plan”), DSUs are available to the Company’s non-executive directors and RSUs are available to the Company’s directors, officers, employees and consultants. The Company accounts for RSUs and DSUs as equity-settled share-based payments. The fair value of each RSU and DSU is measured at the grant date by reference to the Company’s share price at that time. The fair value is then recognized as share-based compensation over the vesting period.

There are no accounting pronouncements which have become effective from March 1, 2025 that have a significant impact on the Company’s financial statements.

4. SIGNIFICANT JUDGMENTS AND SOURCES OF ESTIMATION UNCERTAINTY

The preparation of financial statements under IFRS® Accounting Standards requires management to make judgements in applying its accounting policies and estimates that affect the reported amounts of assets and liabilities at the period end date and reported amounts of expenses during the reporting period. Such judgements and estimates are, by their nature, uncertain. Actual outcomes could differ from these estimates.

The impact of such judgements and estimates are pervasive throughout these financial statements and may require accounting adjustments based on future occurrences. These judgements and estimates are continuously evaluated and are based on management’s experience and knowledge of the relevant facts and circumstances. Revisions to accounting estimates are recognized in the period in which the estimate is revised and are accounted for prospectively.

In preparing these financial statements, the Company applied the same significant judgements in applying its accounting policies and is exposed to the same sources of estimation uncertainty as disclosed in its Annual Financial Statements.

Mineral exploration tax credit	(948,890)
Balance, August 31, 2025	\$ 206,992,057

9. RECLAMATION BONDS

To obtain mineral exploration permits, the Company is required to place reclamation bonds with the Ministry of Energy, Mines and Low Carbon Innovation of the Province of British Columbia ("Ministry of Energy BC"). In August 2024, the Company posted surety bonds to replace \$1,843,391 cash on deposit with the Ministry of Energy BC. To receive the surety bonds, the Company was required to post collateral of \$553,017 in the form of a guaranteed investment certificate pledged in an irrevocable letter of credit.

At August 31, 2025, the Company has posted collateral of \$553,017 (February 28, 2025 - \$588,730) in connection with its reclamation bonds.

10. RIGHT-OF-USE ASSET

On September 1, 2021, the Company entered a three-year premises lease. The incremental rate of borrowing for this lease was estimated by management to be 10% per annum. At August 31, 2024, the lease concluded and was not renewed.

On December 1, 2024, the Company entered a new five-year premises lease. The incremental rate of borrowing for this lease was estimated by management to be 10% per annum.

THESIS GOLD INC.**Notes to the Condensed Interim Financial Statements****For the three and six months ended August 31, 2025 and 2024**

(Unaudited - Expressed in Canadian dollars, unless otherwise noted)

10. RIGHT-OF-USE ASSET (continued)

A summary of the Company's right-of-use asset is as follows:

Balance, February 29, 2024	\$	40,945
Additions		1,067,386
Amortization		(94,315)
Balance, February 28, 2025		1,014,016

Balance, August 31, 2025	\$	907,278

11. ACCOUNTS PAYABLE AND ACCRUED LIABILITIES

A summary of the Company's accounts payable and accrued liabilities is as follows:

	August 31, 2025	February 28, 2025
Trade payables related to exploration and evaluation asset	\$ 7,487,675	\$ 800,565
Other trade payables	1,220,371	13,396
Accrued liabilities	1,674,802	814,552
	\$ 10,382,848	\$ 1,628,513

12. DEFERRED FLOW-THROUGH LIABILITY

Flow-through shares are issued at a premium, which is calculated as the difference between the price of a flow-through share and the price of one common share at the issuance date. Tax deductions generated by eligible expenditures are passed through to the shareholders of the flow-through shares once the eligible expenditures are incurred and renounced.

During the year ended February 28, 2025, the Company completed private placements of 8,849,500 flow-through common shares at a price of \$1.13 per flow-through common share, and 6,702,500 flow-through common shares at a price of \$0.90 per flow-through common share.

On July 8, 2025, the Company completed a private placement of 18,814,000 flow-through shares for gross proceeds of \$27,569,930. The placement consisted of (i) 5,770,000 common shares of the Company issued as flow-through shares with respect to "Canadian exploration expenses" with meaning contained in the Income Tax Act (Canada) (the "BC CEE Flow-Through Shares") at a price of \$1.56 per BC CEE Flow-Through Share for aggregate gross proceeds of \$9,001,200; (ii) 11,114,000 common shares of the Company issued as flow-through shares with respect to "Canadian exploration expenses" ("National CEE Flow-Through Shares") at a price of \$1.445 per National CEE Flow-Through Share for aggregate gross proceeds of \$16,059,730 and (iii) 1,930,000 common shares of the Company issued as flow-through shares with respect to "Canadian exploration expenses" ("Traditional Flow-Through Shares") at a price of \$1.30 per Traditional Flow-Through Share for aggregate gross proceeds of \$2,509,000 (the BC CEE Flow-Through Shares, the National CEE Flow-Through Shares and the Traditional Flow-Through Shares are, collectively referred to as the "Flow-Through Shares").

THESIS GOLD INC.**Notes to the Condensed Interim Financial Statements****For the three and six months ended August 31, 2025 and 2024**

(Unaudited - Expressed in Canadian dollars, unless otherwise noted)

12. DEFERRED FLOW-THROUGH LIABILITY (continued)

During the three and six months ended August 31, 2025, the Company recognized \$3,084,970 and \$3,449,704, respectively, (August 31, 2024 - \$3,708,132 and \$3,708,132, respectively) as settlement of flow-through premium liability.

At August 31, 2025, the Company is required to spend an additional \$16,687,024 (February 28, 2025 - \$956,373) on eligible flow-through expenditures to satisfy its flow-through obligation.

A summary of the Company's deferred flow-through liability is as follows:

	Flow- through funding and eligible expenditures	Flow- through premium liability
Balance, February 29, 2024	\$ -	\$ -
Flow-through shares issued at a premium	16,032,185	6,078,905

16. RELATED PARTY TRANSACTIONS

Key management personnel include those with authority and responsibility for planning, directing, and controlling the activities of the Company as a whole. The Company has determined that key management personnel consist of executive and non-executive members of the Company's Board of Directors, officers and companies controlled by key management personnel.

A summary of the Company's related party transactions is as follows:

	Three months ended August 31,		Six months ended August 31,	
	2025	2024	2025	2024
Management and consulting	\$ 365,163	\$ 238,875	\$ 688,705	\$ 518,855

	\$ 681,993	\$ 238,875	\$ 1,026,266	\$ 1,238,855

At August 31, 2025, \$528,443 was included in accounts payable and accrued liabilities for amounts due to key management of the Company and companies controlled by key management for services provided (February 28, 2025 - \$36,141). The amounts due are unsecured, due on demand and are non-interest bearing.

17. FINANCIAL INSTRUMENTS AND RISK MANAGEMENT

Financial instruments measured at fair value are classified into one of three levels in the fair value hierarchy according to the relative reliability of the inputs used to estimate the fair values. The classification of each measurement within this hierarchy is based on the lowest-level significant input used in valuation. The three levels of the fair value hierarchy are:

Level 1 - Unadjusted quoted prices in active markets for identical assets or liabilities

Level 2 - Inputs other than quoted prices that are observable for the asset or liability either directly or indirectly

Level 3 - Inputs that are not based on observable market data

17. FINANCIAL INSTRUMENTS AND RISK MANAGEMENT (continued)

The Company's financial instruments consist of cash, short-term investment, other receivables and accounts payable and accrued liabilities.

The carrying values of cash, short-term investment, other receivables and accounts payable and accrued liabilities are measured at amortized cost. The fair value of these financial instruments approximates their carrying values because of their short-term nature.

The Company is exposed to certain financial risks by its financial instruments. The risk exposures and their impact on the Company's financial statements are summarized below.

a) Credit risk

Credit risk is the risk of financial loss to the Company if a customer or counterparty to a financial instrument fails to fulfill its contractual obligations. The Company's credit risk relates primarily to cash, short-term investment, goods and services tax credit receivable, mineral exploration tax credit receivable and other receivables. The Company minimizes its credit risk related to cash and short-term investment by placing these financial instruments with major financial institutions. The Company regularly reviews the collectability of its receivables. The Company considers the credit risk related to these financial instruments to be low.

b) Interest rate risk

Interest rate risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market interest rates. Interest rate risk is limited to potential decreases on the interest rate offered on cash and short-term investments held with chartered Canadian financial institutions. The Company considers this risk to be low.

c) Liquidity risk

Liquidity risk is the risk that the Company will not be able to meet its financial obligations when they become due. To mitigate this risk, the Company has a planning and budgeting process in place to determine the funds required to support its ongoing operations and capital expenditures. The Company endeavors to ensure that sufficient funds are raised from equity offerings or other financing arrangements to meet its operating requirements.

At August 31, 2025, the Company had cash of \$49,120,497 (August 31, 2024 - \$9,390,294) as well as working capital of \$38,725,942 (August 31, 2024 - \$13,008,207).

d) Foreign exchange risk

Foreign exchange risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in foreign exchange rates. The Company is exposed to foreign exchange risk to the extent that monetary assets and liabilities held by the Company are not denominated in its functional currency. The Company does not manage currency risk through hedging or other currency management tools. The Company's operations are entirely in Canada with a low number of transactions conducted with foreign vendors that may invoice in foreign currencies. The Company considers the foreign exchange risk related to these financial instruments to be low.

THESIS GOLD INC.**Notes to the Condensed Interim Financial Statements****For the three and six months ended August 31, 2025 and 2024**

(Unaudited - Expressed in Canadian dollars, unless otherwise noted)

18. CAPITAL MANAGEMENT

The Company considers capital to include items within shareholders' equity. The Company's objective when managing its capital structure is to safeguard its ability to continue as a going concern, such that it can provide returns for shareholders and benefits for other stakeholders.

The management of the Company's capital structure is based on the funds available to support the acquisition, exploration and evaluation of mineral properties. The Company is dependent on external financing to fund its operating activities, since the mineral properties in which it has an interest are in the exploration and evaluation stages and are not positive cash-flow generating. To maintain or adjust its capital structure, the Company may issue new shares or pursue other financing arrangements. The Company monitors its capital structure and makes adjustments for changes in economic conditions and the risk characteristics of the underlying assets. Management reviews its capital management approach on an ongoing basis.

The Company is not subject to any externally imposed capital requirements. Its approach to capital management has not changed during the six months ended August 31, 2025.

19. SUBSEQUENT EVENTS

On October 16, 2025, the Company granted 250,000 stock options to an employee of the Company. These stock options have an exercise price of \$1.98, expire on October 16, 2030, and vest over a two-year period in two equal tranches on October 16, 2026 and October 16, 2027.

In October 2025, the Company issued an aggregate of 2,255,700 common shares upon the exercise of 1,428,380 warrants at an average exercise price of \$1.01 for gross proceeds of \$1,441,684, and the exercise of 827,320 stock options at an average exercise price of \$0.61 for gross proceeds of \$504,166.
